SOME NOTES ABOUT MATCHING NCVTS JURISDICTIONS TO THE JURISDICTIONS ON YOUR TR REPORTS

The TR forms report values and levies for current districts only. If the NCVTS report shows values and levies from old districts that have been dissolved and replaced by new districts, enter those amounts in the corresponding new districts that are prepopulated on your TR forms. Please note that TR forms have standardized district names and codes that will not exactly match the codes the counties have set up in NCVTS.

There may be some differences between districts you have set up in NCVTS and the districts TR forms, because:

1. Some county wide districts may be combined on the TR forms.
2. Districts that are not authorized by a county or municipal budget municipal are not reported on the TR-1 or TR-2 forms.

Do not hesitate to contact the Information Unit at 919-814-1129 there are any questions about how the NCVTS districts map to the districts shown on your TR forms.
